

GOVERNMENT ANDHRA PRADESH

ABSTRACT

Health Medical & Family Welfare Department – Standard Treatment Guidelines – Revision of Standard Treatment Guidelines - Constitution of Committee for preparing comprehensive and detailed Standard Treatment Guidelines – Identification of Subject specialists - Orders Issued.

HEALTH MEDICAL & FAMILY WELFARE (A1) DEPARTMENT

G.O.Rt.No. 378

Dated:27.03.2014.

Read :-

From the DME Lr.Rc.No.171/DME/Plan/2014, dt.19.03.2014.

* * *

ORDER:

The DME in his letter read above has informed that the Standard Treatment Guidelines (STGs) were prepared by the Strategic Planning and Innovation Unit under APHSRP during the year 2008. These STGs were intended for use mainly by the Medical officers in the Primary Health Care set up.

2. Considering among others, the fast changing developments, technological improvements and innovations a need was felt to revisit these STGs for suitably updating the same to suit the present day requirements to improvise the protocols with a main aim at improving the quality of Health services that are being provided duly extending the same for use across all the levels of Health/ Medical care facilities in the System with an objective to provide Uniform Standardized Guidelines to guide the concerned Health facilities in Primary, Secondary and Tertiary Sectors. Thus, the intention is that the guidelines shall not only help the Medical Officers working in the PHCs, CHCs, Area Hospitals and District Hospitals but also of those working in the Tertiary Sector Hospitals.

3. With this in view the DME reported that the STGs followed in other States like Tamil Nadu, Rajasthan and Chattisgarh vis-à-vis those of Andhra Pradesh were compared for making necessary improvements. Based on this exercise it was opined that the scope of and topics covered by STGs prepared by TNHSRP of Tamil Nadu are quite comprehensive and detailed. Hence, it was proposed to take these STGs as a model for redrawing the STGs for Andhra Pradesh. However, STGs prepared by the Government of India may also be referred to during the process.

4. For this purpose, the DME has also suggested that a team of experts may be constituted with the following specific TOR to:

- a. Identify areas for revision, propose necessary revisions/ modifications based on the model document and latest inputs.
- b. Identify new topics/ areas, if any, that could be considered for inclusion in the proposed revised guidelines for Andhra Pradesh though such areas are not explicitly included in the model document of Tamil Nadu.
- c. Ensure that Treatment guidelines incorporate only generic medicines.
- d. Ensure that revisions/ modifications and new areas proposed for inclusion are duly referenced and has the support of due justification.

::2::

5. Government, after examination of the matter hereby Constitute the following Committee to facilitate the above process of revision/ updation of the STGs.

- i) Director of Medical Education (Academic)
- ii) Superintendent, Gandhi Hospital
- iii) Superintendent, Osmania General Hospital

6. Besides, the following subject specialists are also identified one in every specialization, to assist the above Committee in revising the STGs. The above Committee assisted by the specialists shall finalize methodology to proceed with and ensure completion of the process of revision of the STGs for the State with in a period of one month. The committee may also seek advice from of other specialists in the concerned fields if and where required. The Members on the Committee and those specialists who are invited for the meetings are entitled for an honorarium of Rs.1000/- per sitting. The procedure for payment of the honorarium will be intimated separately.
